Directory of Services for Schools and Families

2019/2020

5th Edition
About the Directory

Thank you all for your ongoing support for the schools and services directory which is now on its 5th Edition! In keeping in line with supporting environmental initiatives, this directory is now available online.

The aim of the directory is to be an informative resource for schools, parents/ families and other professionals. It is not intended as an endorsement of any of the services or facilities listed. We continue to add to the content, however, it is not a comprehensive list of services in the country – only of some in the Muscat area and some surrounding areas. We have also included some services that are available in Dubai & Kuwait.

Please contact me via e-mail at nsinspire@gmail.com to add your service in the next edition of the directory.

Please note that information has been obtained either directly from the service or from information available publicly on websites or leaflets.

Thanks to the families who have helped us by letting us know what information would be useful to them.

We hope that you continue to find the directory to be a useful and informative starting point for your queries.

Regards,
Nadia Sultan, Educational Psychologist , Inspire Educational Consultancy
Sarah Al-Maawali, Primary Special Needs Teacher

Happy Kid Clinic**
Happy Kid Clinic is the first Omani specialized paediatric clinic in the Sultanate of Oman. We provide health care for children and pay particular attention to growth and development, preventive care and constant and continuous counselling for parents. Throughout our five years we discovered the need to expand and add up more specialties to our clinic considering the opinion of our loyal customers. We have very rare specialties in our clinic, such as pulmonology, gastrointestinal, liver and kidney diseases. The new specialities are speech, language and hearing services. Our clinic is the first in Oman to have a multidisciplinary team for developmental difficulties.

Gulf International School
The Gulf International School is a non-selective, co-educational, English medium school. Started in September 2013, GIS aims at nurturing students from Kindergarten to Year 13. The school is home to young people from the local and expatriate communities, thus creating a thriving and multicultural learning environment. The curriculum is formulated around the British National Curriculum with suitable modifications taking in to consideration an international mix of students and their requirements. The students at GIS are guided by a group of highly accomplished staff, thus providing an extremely engaging and creative teacher – pupil interaction.

Creative Centre for Rehabilitation
Creative Center is dedicated to providing comprehensive assessments and rehabilitation for children using current evidence-based practices. We provide multidisciplinary evaluations to respond to your concerns regarding the growth and development of your child, and to determine if he or she has a disability that requires specialized interventions. Together, the Education Specialists can provide a thorough understanding of your child’s strengths and present functional, developmental and academic skills in one or more of the following areas:

• Cognition
• Speech and Language
• Sensory Processing
• Motor Skills
• Social/Emotional
• Academic Abilities
• Developmental

Our assessments consist of formal and informal assessments, interviews with you, teacher and/or any service providers and a thorough review of all medical and educational records.

Al Injaz Private School – Special Needs Section

Recognizing the growing need for Special Education services in Oman, the Section for Special needs has been established to cater to the students whose academic and developmental needs cannot be met through the regular mainstream educational system. Every student is assessed and an individual education plan (IEP) is drawn up which recognizes the strengths and abilities of the students, using them to enable growth in areas of weaknesses. The special educators work in close cooperation with the parents to ensure the overall development of the children. The section also helps parents to collaborate with other professionals like doctors, counsellor, therapists and so on to get the best possible care for each student.

Al Wafa Social Centers

The Al Wafa Social Center relies on trained Omani volunteers to provide services to disabled children and their families. The social center receives support from national organisations, the private sector and other groups who assist with financing. Additional governmental support in the form of managerial and technical knowledge comes from the Department of Rehabilitation. These service programs are initiated by the Ministry to promote volunteering and in response to a request by an Omani national. When a request is submitted to set up a volunteer program, the application is reviewed by the center. If approved, the program is announced by the Undersecretary of the Ministry. This initiative is provided to support and aid the improvement of the children with special needs.

**Inspire Educational Consultancy**

Inspire is an Educational Psychology consultation service set up in Oman to offer schools, parents and professionals the very best of an evidence based EP service with the objective of making a difference to children, young people and families.

Inspire aims to promote the development, participation, learning and achievement of all children and young people between the ages of 0-19. We do this by providing a high quality consultation service which involves collaborating with those who know and care most about the child or young person. Services include working with schools and settings to support the inclusion of children with learning difficulties and additional needs through assessment and intervention, as well as offering organisational level services such as teacher training and whole school improvement.

**The Children’s Library**
**Location:** located adjacent to the Children’s Museum and the Museum of Natural History, Al Qurm.

**Let’s Read**
The Let’s Read Campaign began in 2007 with the aim of promoting the love of reading to children in Oman. In 2013, we were able to purchase and convert a bus into a mobile library.

Maktabati, Oman’s first mobile library, now tours around Oman’s interior, visiting schools, fairs and festivals, giving children access to Ministry of Education approved, good quality children’s books; fact and fiction, in both Arabic and English, and giving children the opportunity to develop a love of reading.

The mobile library is in great demand and the children get very excited when the bus arrives in the school playground. Last year Maktabati distributed 21,840 books to children across the country.

Oman’s first charity bookshop; The Let’s Read Book Shop operates from the Al Qurum Complex (shop 116). It offers a huge selection of previously enjoyed books
Let’s Read (contd)
for all the family. The shop is open from 10am to 1pm and from 5pm to 7pm every day (except Friday 5pm to 7pm only). The books cost between 1 and 2 rials. All proceeds go to support Maktabati, Oman’s first mobile library, and our campaign to promote the love of reading to children in Oman. Volunteers welcome.

Movement & Physical Activity

My Gym  
My Gym has developed an extraordinary program and facility devised to help children 6 weeks thru 10 years of age develop physically, cognitively and emotionally. We have hundreds of locations in more than 30 countries offering structured, age-appropriate, weekly classes that incorporate music, dance, relays, games, special rides, gymnastics, sports and more.

Children have loads of fun as they gain strength, balance, coordination, agility and flexibility while developing social skills, confidence and self-esteem. Our state-of-the-art facility, extensively trained staff, award-winning class programs, and excellent student/teacher ratio have earned My Gym the reputation as the best early learning program of its kind

The Little Gym
The Little Gym is the world’s premiere enrichment and physical development center for kids 4 months through 12 years. Our professionally developed, non-competitive programs have been
**The Little Gym (Contd)**
designed to build motor skills in a fun and nurturing environment, while fostering enhanced emotional, intellectual and social skills. Children are encouraged to try their best, not to be the best. This philosophy has served The Little Gym and its members well and it now sets the standard for high quality children's developmental programs.

Our gymnastics based curriculum will help increase your child's flexibility, balance and coordination while also improving listening skills, attention span and the ability to follow instructions. Your child will become more confident, more willing to take prudent risks, and be challenged in completely new ways. With each new achievement, self-confidence and self-esteem will soar.

**Nine**
Nine is the first center providing education, support, informed choice, continuity of care and advocacy for mothers and babies in Oman. At NINE, we aim to help couples gain confidence about becoming parents. Our center compliments the clinical services that couples receive in hospital during pregnancy. We believe in a holistic approach that incorporates both body and mind. Effective preparation for childbirth improves birth outcomes and increases the satisfaction of the childbirth experience for women. This is why we offer a full spectrum of services that have been designed to support, inform and educate.

**Dira Kids**
The vision for Dira Kids is to prepare a generation to be equipped with the tools that enable heart based action, resulting in a more peaceful existence, both inner and outer. Dira Kids is a platform for children to empower them to connect to their inner voice and the world around them. The program provides tools for children to deal with emotions and limiting beliefs by interacting with plants and animals, and understanding their connection to everything that exists. We use a holistic approach of physical, mental, emotional and spiritual wellbeing. We offer a separate Dira Youth program for adolescents as a bridge to the adult wellbeing program.

Kidsfirst Medical Center

KidsFIRST Medical Center was founded in 2006. With their establishment, both kidsFIRST Medical Center and the UAE government formalized an inclusive vision for children with learning difficulties and special needs throughout the UAE.

Since then, kids First's multi-disciplinary team of international pediatric health professionals has worked with infants and children of all ages to ensure their academic, physical, and emotional growth. If you are a parent seeking help for your child, an educator looking to support your students, or a therapist with a passion to make a difference, welcome to kidsFIRST Medical Center.
